SUBJECT **Bicycle On-Street Infrastructure Tour (Downtown Dallas and Oak Cliff)**

On Monday, January 14, 2013, the Transportation and Environment Committee members will tour the Bicycle On-Street Infrastructure (Downtown Dallas and Oak Cliff). The Committee will convene in 6ES at 1:00 p.m. and depart to the vans located at Level 1 (green) for the tour at the conclusion of the briefing/upcoming agenda items. The vans will depart City Hall no later than 1:15 p.m.

After departing City Hall the tour will begin at Martin Luther King Blvd to view the shared lane markings that have been installed between US175 and R. B. Cullum Blvd. From there the tour will travel to Hill Avenue where the Santa Fe Trail intersects with the street (Hill Ave). After looking at the intersection crossing treatments at the Santa Fe Trail the tour will then proceed along Hill Avenue to Columbia and then to Main. The tour will follow Main Street until the intersection with Lamar, where it will turn north toward the Victory Park Area. If time allows, the tour will make its way west out of Downtown to look at the bicycle lanes being installed along Fort Worth Avenue between Sylvan and Edgefield. From there the tour will make its way to Bishop Avenue to look at the bicycle lanes installed along Bishop between Colorado and Neeley. Continuing west the tour will then view bicycle facilities on Mary Cliff before heading back to City Hall.

After the tour the committee will reconvene in 6ES as a formality to adjourn.
