**Council Key Focus Area – Economic Development**

**Briefing to the Council Finance, Audit and  
Accountability Committee**

**January 8, 2007**

# Aviation Rates and Charges Overview

## Purpose

---

- **Why a Rates and Charges Study?**
- **Scope of Services**
- **Deliverables**
- **Defining the Selection Process**
- **Timetable**

# Why a Rates and Charges Study?

---

- Ensure the future financial position of the Dallas Airport System; cover operating, debt service and future capital improvement obligations
- Provide the airport with a budgetary tool to cover airport expenses now and in the future without impacting financial reserves.
- Provide in-depth market analysis comparing the City's aviation assets to other inner city airports that are similar operationally and/or financially
- Develop financial model for addressing economic downturns and to ensure that resources are available to meet all airport financial needs
- Provide periodic reviews of rates and charges to ensure adjustments are made to the model as conditions change

# Scope of the Proposed Study

---

- Task 1-** Determine the cost of service for the Dallas Airport System and establish a financial model for covering fiscal obligations in a manner that is equitable across all airport users and is based on its financial position
- Task 2-** Comprehensive review of all current contractual agreements at Love Field and Dallas Executive (Concessions, Long-Term leases, Month-to-Month leases)
- Task 3-** Survey of comparable airports and benchmarking to include airports that serve the same customers or which are similar operationally and/or financially
- Task 4-** Review of reserve funding policies/strategies at other airports
- Task 5 -** Begin coordination with the Master Plan Consultant for the Love Field Modernization Program which will prioritize facility enhancements to address the phase-out of the Wright Amendment by 2014

# Deliverables Timeline
