Stephanie Cooper, Assistant to the City Manager

Dallas Animal Shelter Commission Update – Priorities for FY 2011-2012

Presented to the
Quality of Life and Government Services
Committee

Monday, January 23, 2012

Dallas Code Compliance, what it all means
COMMUNITY

Commission Priorities for FY 2011-2012

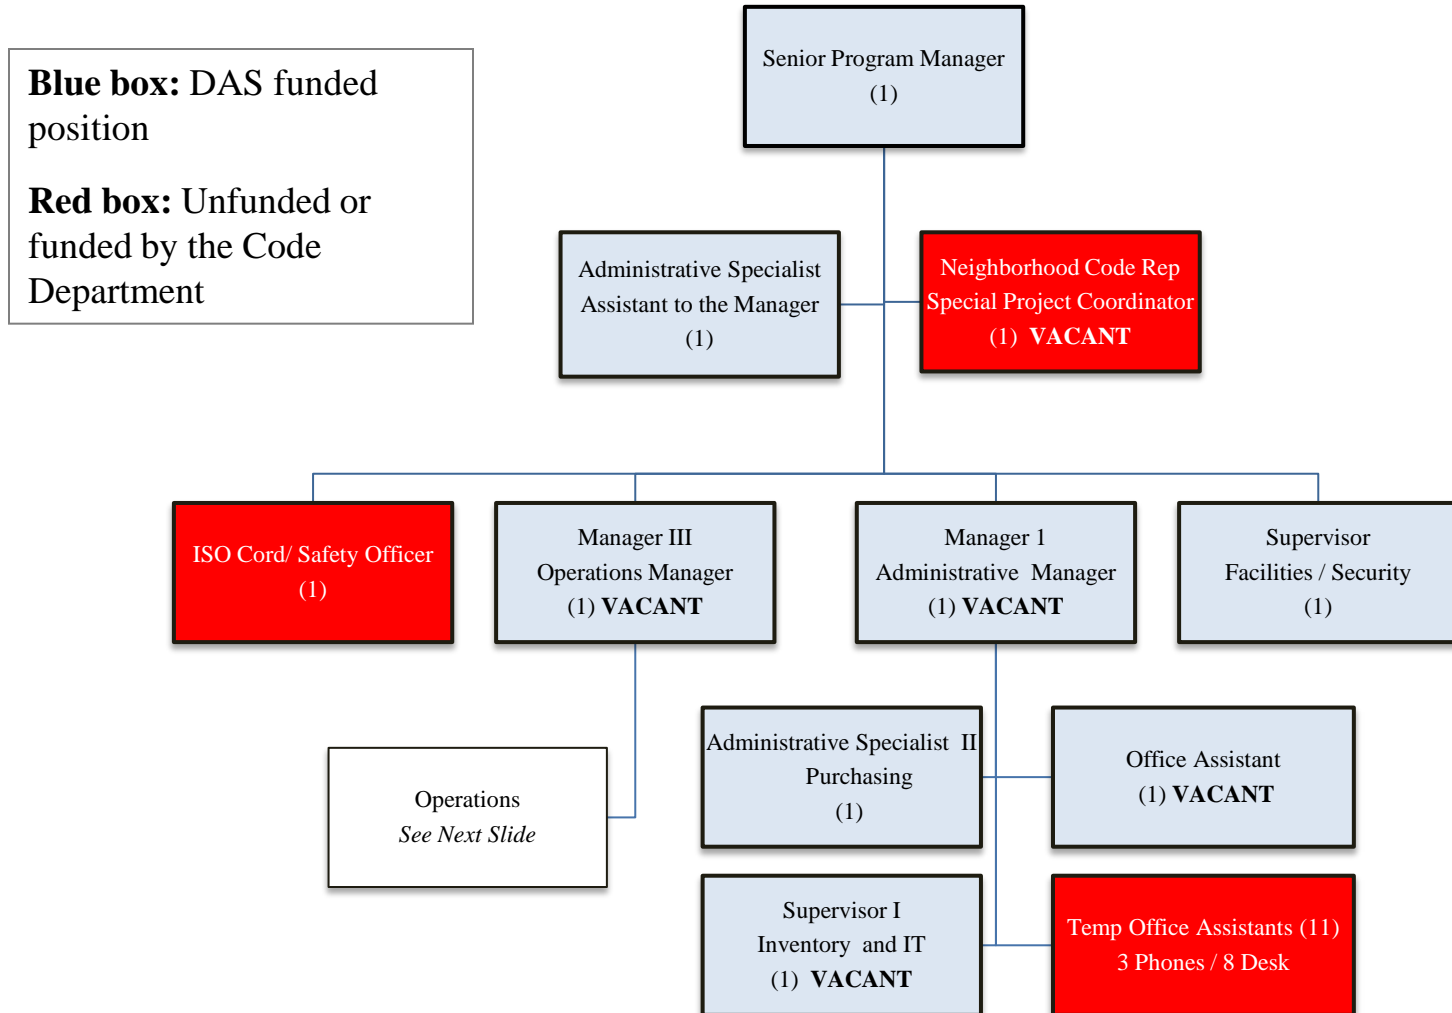

Priority 1: Fill all DAS Vacancies

- As soon as possible and with *qualified* and *compassionate* individuals
- The FY 2010-2011 RIF resulted in a large number of vacancies in *urgent* need of being filled, not the least of which are mid-management and important supervisory positions
- The current employment policy is worrisome because contract laborers require *more supervision and training*
- DAS cannot operate effectively or fully serve our citizens until these critical positions are filled with qualified individuals

Commission Priorities for FY 2011-2012

Priority 1 continued: DAS Organizational Chart

Commission Priorities for FY 2011-2012

Priority 1 continued: DAS Organizational Chart

Commission Priorities FY 2011-2012

Priority 2: Dallas Companion Animal Project

A separate report on this project by Jonnie England, a member of the Commission and the Dallas CAP Task Force, will follow at the end of this slide presentation

Commission Priorities FY 2011-2012

Priority 3: Fix the Shelter Facility

- The HVAC system at DAS has been an ongoing problem since it was installed
- The existing HVAC system needs to be replaced to provide a SAFE and HEALTHY environment for the staff, the public, and the animals
- There are other ongoing problems that need to be addressed

Commission Priorities FY 2011-2012

Priority 4: Improve Services and Efficiency

- **Overhaul and improve the 3-1-1 system**
 - Revise call structure; realistic service level and public/animal safety priorities
 - High turn over necessitates better and more extensive training and orientation, specific to animal services calls, ability to distinguish urgent from non-urgent

Commission Priorities FY 2011-2012

Priority 4 continued:

- **Better use of Code Enforcement officers**
 - Develop plans for more effective use of 200+ Code officers; define and facilitate other support services Code officers could provide to DAS
 - Free up DAS Animal Service Officers to focus on animal-specific tasks, improve response times

Commission Priorities FY 2011-2012

Priority 4 continued:

■ **Outsource Wildlife Management**

- Huge amounts of money and time are wasted by DAS in delivery and pickup up of wildlife traps. Studies prove it is ineffective in managing wildlife. Many cities have eliminated wildlife traps and refer calls to approved outside wildlife management groups

Commission Priorities FY 2011-2012

Priority 4 continued:

■ **Outsource Animal Cruelty Investigations**

- At this time, the SPCA of Texas is much better equipped to do cruelty investigations and pursue prosecution. Outsourcing this task to SPCA for the time being will free up DAS officers for other tasks

Commission Priorities FY 2011-2012

Priority 4 continued:

- **Implement the HSUS Report Recommendations**

- Some of the 250 recommendations contained in the 2010 HSUS report on DAS have been completed, but many have not and must be implemented quickly. Those requiring continued assessment should be organized to ensure periodic reviews

Commission Priorities FY 2011-2012

Priority 4 continued:

- **Reassign Dangerous Dog Determinations and associated hearings to DAS**
 - DAS should determine whether a dog is dangerous, not Code Compliance
 - A review of the ordinance and related policies needs to be done immediately to protect the rights of citizens and to protect the City from potential lawsuits

Priority 5: Reduce Stray and Unwanted Pet Population

- **Increase Education and Community Outreach**
 - Review the Responsible Pet Ownership Class
 - Continue the collar/tag program at DAS
 - Promote tours of DAS Shelter, plan outreach events with DISD, private schools and community groups

Commission Priorities FY 2011-2012

Priority 5 continued:

■ **Increase Education and Community Outreach continued:**

- Enhance DAS website resources
- Provide a dedicated Hotline/Online Help via telephone and/or online links on DAS website to answer questions that can help owners keep their pets
- Continue and increase off-site adoption events

Commission Priorities FY 2011-2012

Priority 5 continued:

- **Better Lost and Found Assistance**
 - Create an interactive website for the public
 - Continue to dedicate a DAS staff member to recordkeeping and assisting the public
 - Pursue funding for an ongoing pet ID program, *i.e.* microchip, collar and tag, etc.

Commission Priorities FY 2011-2012

Priority 5 continued:

- **Increase Spay/Neuter Resources**
 - Continue the City's Spay/Neuter (S/N) Subsidy Program
 - Identify additional resources for DAS officers to offer free or low cost S/N services, bring people into compliance when violations are identified in the field
 - Offer incentives for free or low cost S/N to citizens who would not otherwise sterilize their pets

Commission Priorities FY 2011-2012

Priority 5 continued:

- **Increase Spay/Neuter Resources continued:**
 - Community collaborations
 - Continue support of the Big Fix for Big D program (subsidized by the Meadows Foundation, The Dallas Foundation, Summerlee Foundation, PetSmart Charities® and Rees-Jones Foundation in partnership with the SPCA of Texas, the Metroplex Animal Coalition and KCAAP) to expand spay/neuter resources in areas currently underserved

KAUFMAN COUNTY
Animal Awareness Project

Priority 6: Texas State Legislation

- **Texas Law** - Allows a city to elect to use civil proceedings to enforce certain code compliance violations
- **Enforcement of Chapter 7 (Animals)** – Enforcement of the Dallas Animal Code can be better and more efficiently accomplished through civil proceedings in addition to criminal citations
- **2013 Texas Legislature** - The Commission will be recommending state legislation to make this choice available for animal ordinance violations.

Dallas Companion Animal Project

Making Dallas a No-Kill Community

- More and more cities around the country are working to end the killing (euthanasia) of adoptable dogs and cats.
- DAS now has an experienced manager in Jody Jones, who led the effort to make Richmond, VA, a no-kill city.
- With recent positive changes at Dallas Animal Services and a forward-thinking City Council, the stage is set for Dallas to join the movement.
- Steady rise in public awareness of the plight of homeless dogs and cats.
- The time is right: The citizens of Dallas are ready to make this happen.

Dallas Companion Animal Project

Creating a Blueprint

- In July 2011, ACM Joey Zapata appointed a 12-person task force that includes the most experienced animal care and sheltering experts in our community and represents every facet of animal welfare.
- Task: To create a blueprint for Dallas to become a no-kill community.
- Researched other communities to learn how they increased their “live release rates,” i.e., stopped the killing of adoptable shelter dogs and cats
- Identified existing and potential resources: rescue and foster groups, advocacy groups, spay/neuter programs and feral cat organizations

Dallas Companion Animal Project

Creating a Blueprint

- Created website and Facebook page
- Engaged the public for their input
- Identified hundreds of components, suggestions and programs
- Developed plan that encompasses programs and initiatives already in place in our community, is *customized* to serve the needs of Dallas and our citizens, and focuses predominantly on the private sector
- Identified six (6) major initiatives

Dallas Companion Animal Project

Major Initiatives in Dallas' Customized Plan

- Awareness and Education
- Feral and Community Cats
- High-volume Free and Low-Cost Spay/Neuter Programs
- Pet Owner Outreach
- Pet Placement Support (Adoption and Rescue)
- Fundraising

Dallas Companion Animal Project

Major Initiatives

- **Awareness and Education**
 - Aggressive public awareness campaign via support in part from Dallas' world-class business, sports and entertainment industries
 - Educational program support from local, regional and national education resources
- **Feral & Community Cats**
 - Continued partnership development with local advocacy groups

Dallas Companion Animal Project

Major Initiatives (continued)

- **High-volume Free & Low-Cost Spay/Neuter Programs**
 - Significant effort to gain community support
 - Support free and low-cost Spay/Neuter efforts of existing animal welfare organizations (Metroplex Animal Coalition, SPCA of Texas, etc.) and veterinarians
 - Support Big Fix for Big D undertaken by the Metroplex Animal Coalition, SPCA of Texas and Kaufman County Animal Awareness Project.

Dallas Companion Animal Project

Major Initiatives (continued)

■ Pet Owner Outreach

- Remains the largest opportunity to bring significant change by *helping people keep their pets* and reducing the number of animals coming into the shelter.
- Has the fewest support resources available
- Needs preemptive, volunteer-driven programs and services, i.e., pet behavior hotline and counseling, free or low-cost emergency veterinary care, pet-friendly housing options, pet food banks, etc.

Dallas Companion Animal Project

Major Initiatives (continued)

- **Pet Placement Support (Adoption and Rescue)**
 - Full utilization of existing animal advocacy partners
 - Explore satellite adoption opportunities similar to the nationally successful PetSmart Charities[®] Adoption Centers (City of Fort Worth) & independent ventures (Utah's Furburbia in a local shopping mall)
 - Undertake a new community-based, large-scale volunteer foster program for dogs and cats awaiting adoption

Dallas Companion Animal Project

Major Initiatives (continued)

■ Fundraising

- Work with the SPCA of Texas and other local animal-welfare groups to obtain Maddie's Fund[®] Community Collaborative grant:
 - Erie County, NY - \$5 million over 5 years
 - Mobile, AL - \$5 million over 7 years
 - New York City - \$26 million over 7 years
- Continue exploration of local donors and foundations:
 - The Big Fix for Big D, a 3-year, \$3 million Spay/Neuter project spearheaded by The Dallas Foundation

Dallas Companion Animal Project Implementation

- **Now...**
 - Request Quality of Life and Government Services Committee support of the Dallas Companion Animal Project.
- **First year**
 - Focus on the detailed one-year business plan and multi-year strategic plan
 - Finish prioritizing and begin implementing programs and initiatives
 - Determine related costs and funding
- **Years Two - Four**
 - Continue to implement, expand and build momentum
- **Year Five**
 - Celebrate Success! If all major initiatives have been successfully implemented, our community will be one of the largest no-kill communities in the country.

Thank You

City of Dallas Animal Shelter Commission
