SUBJECT Approval of the recommended plan for the proposed alignment of Cadiz Street from South Industrial Boulevard to the Union Pacific Railroad Underpass,

On the April 8, 2009 City Council Agenda, you will be asked to approve the recommended plan for the proposed alignment of Cadiz Street from South Industrial Boulevard to the Union Pacific Railroad Underpass. There is no cost consideration to the City for this approval.

In June 2008, the City awarded a design contract for survey and engineering design of paving, drainage, water and wastewater main improvements for Cadiz St. from S. Industrial Boulevard to the Union Pacific Railroad Underpass. The proposed alignment for Cadiz St. will accommodate a four-lane, divided arterial within a minimum 100 ft. right-of-way. The proposed new alignment will tie into the existing alignment of Cadiz St. north of the project and with the existing alignment of the northbound IH-35E Cadiz St. exit ramp south of the project. The alignment is being shift to the east to provide a better tie-in to the IH-35E Cadiz St. exit ramp and to improve geometrics of the roadway. The attached map shows the general area of the project.

Your consideration for approval would be appreciated. If you have additional questions, please let me know.

Jill A. Jordan, P.E.
Assistant City Manager
